We have used this horse a lot. He's drug plenty of calves at brandings, been pasture roped on, and has been Al'ed on for two years. He has a great walk on him and is extremely quick. He has 30 days of barrel training by Jody O'Bryan and is a great prospect for any event in the arena or out. Come take a look.

Rockin T Fox is a 1993 Buckskin Stallion. He is an own son of the great Docs Decatholon, whose pedigree boasts of a heavy influence of Poco Bueno. Doc O Lon was the 1982 Congress NCHA Open Cutting Champion. Other achievements include: 1981 NCHA Super Stakes Finalist. He also possesses 5/8 of the blood of the legendary mare Poco Lena. Dry Doc: 1971 NCHA Futurity Champion, AQHA Superior Cutting Horse, ROM sire. Add Cash Cody, AQHA Champion on the bottom side, and you have an all around bred performance horse.

The bottom side of Fox's pedigree includes Beckwith Dun, who was the sire of the first C.O.N. Super Horse Award and who also sired many SDRA and AQHA World Team Penning Champions. Beckwith Dun goes back to Classy Bar (by Sugar Bars - AAA in racing), who sired a number of AQHA Champions, ROM performance horses, and was also known as an excellent broodmare sire.

Fox is used on the ranch in the fall and at calving time in the spring. He is very cowy, with a big heart and an outstanding disposition. He is quiet and gentle enough for anyone to ride. He sires a majority of buckskins and duns with keen heads, clean necks, big hips, straight legs, and classy looks.

This horse is one for anyone. I have taken him from a prospect to a finished heel horse. I qualified four times for the SD 4-H Finals, four times to the SD High School Finals, once to the National High School Finals and three times for the USTRC National Finals. He is as solid as they come, and one anybody young or old can go rope on or just ride. He is 100% sound mind and body. Papers say Dun, but is beautiful buckskin with black legs, tail and mane.

**ROCKIN T TOPPER****Reference Sire**

Rockin T Topper is a powerfully built 1993 golden palomino stud. We think his pedigree is outstanding with the famous Doc O Lon (by Dry Doc), Poco Lon and Cash Cody breeding on the top, which has proven many times over to be great. Paired with Lopez Red 1 on the bottom side, who some have said was one of the greatest performance and broodmare sires in South Dakota.

Topper's mind, cow sense and disposition make him an outstanding ranch horse. With a fast running walk, he's the kind cowboys want to cover country with. Topper stamps long hips, great dispositions, and halter looks with pretty heads on his colts. You owe it to yourself to see his colts.
